

~~gray shade voltage selecting means for selecting one voltage out of a plurality of voltages
supplied from said gray shade voltage generating means based on high order bits composed of at
least one bit counted from the most significant bit of said digital image data and the number of
bits of which is smaller than that of said digital image data, and for outputting said voltage;~~

*AB
conced*
~~an operational amplifier used to amplify a voltage outputted from said gray shade voltage
selecting means; and~~

~~voltage adjusting means for inducing a voltage rise or a voltage drop of a voltage
outputted from said operational amplifier based on low order bits of said digital image data
excluding said high order bits.~~
